Dear Sir/Madam

Re: Your reminder dated

With reference to your letter dated, in which you request payment of the sum of EUR, we would respond as follows.

On, in error we signed a communication regarding a "Fair Guide" from Construct Data Verlag GmbH, since we were given the inaccurate impression that this entry was free of charge / an update for the official exhibitors' index of the said trade fair. Since the error was caused by Construct Data and was material in leading to conclusion of the contract, we have contested the contract - in so far as a contract indeed even came into being, which we would also dispute - on the basis of error, in particular pursuant to Austrian law - Section 871 ABGB (see enclosure). Your reminder therefore lacks any legal basis.

Furthermore, in addition to numerous other actions and court orders against the company in question, the Austrian *Schutzverband gegen unlauteren Wettbewerb* has instituted a comprehensive set of proceedings against Construct Data Verlag GmbH with the aim of obtaining an injunction preventing circulation of the said misleading communications and derivation of the benefits therefrom, i.e. a prohibition on collection of the amounts in question, whereby in the first instance, the *Schutzverband's* right of action has been confirmed.

Finally, the *Schweizer Staatssekretariat für Wirtschaft (seco)* has filed a criminal action against you with the competent cantonal criminal prosecution authorities in the matter of unfair competition due to your dubious business practices.

We would therefore ask you to cease your letters/telephone calls immediately and not to cause us any further disturbance, failing which we would be obliged to take legal action against you and would inform seco of your improper conduct.

Yours faithfully
